# PUBLIC TOURS

**C**ity Brew Tours also offers an array of pre-designed public tours, which provide small groups with an opportunity to join in with other guests, meet new friends, and get drinking. These tours run seven days a week and a perfectly paired lunch or dinner is included in the ticket price. You'll visit multiple breweries during your five hour all-inclusive brewery tour experience. Some tours also include trips to cider houses and distilleries, where you'll see firsthand how their production processes compare to brewing beer with samples along the way. Our public tours are ideal for beer drinkers, craft beer connoisseurs and enthusiasts alike, and offer the flexibility to hop onto a fun outing without the fuss.

In 2008, Chad Brodsky founded Burlington Brew Tours when he was barely old enough to drink. Chad bought a van and donned lederhosen which he acquired while studying in Vienna, Austria a few years prior and started offering tours of the local breweries in Burlington, VT. With the guidance from the late craft beer luminary, Greg Noonan, founder of Vermont Pub and Brewery, Chad was able to establish the first East Coast brewery tour company in the Green Mountains of Vermont. The company received much notoriety for its unique tours led by beer geeks as designated drivers. After perfecting the business model and streamlining tour logistics, Chad changed the name to City Brew Tours. He then expanded tour operations into five other beer-drenched cities.

With over 4,600 breweries in the United States and almost 500 breweries opening up every year, the American craft beer industry is booming. There's never been a better time in history to drink quality craft beer, and City Brew Tours wants to help you navigate every sudsy sip.

## RENT-A-GUIDE

**O**ur aptly-named Rent-a-Guide and Beer School services offer fun, in-depth education for all levels of craft beer drinkers--from the hard-core aficionado to the beer neophyte and anyone in between. These entertaining "classes" are hosted by our City Brew Tours beer experts, and can be set up in any size event space. Renting a guide creates a fun, educational event in itself, or can supplement any of your pre-planned events. Your Rent-a-Guide can be as passive as handing out samples or as active as running a highly interactive beer class. Either way, our staff will work closely with you to devise a lively and informative experience for everyone involved.

Past classes have included:

- Beer 101: Intro to Beer
- History of Beer
- Belgian Beers
- Sensory Evaluation
- Craft Beer Around the World
- Sour Ales
- Double IPAs
- Stouts
